

Lot #1500
 Lot #1501
 Lot #1502

1951 AV, 1947 HV, 1947 MV - All three tractors have been completely restored with DuPont paint and clear coat, all new rubber all around. Very nice rare looking tractors that are show and parade ready. Barn kept and definitely an eye catcher.

Seller #6

Lot #1503

1966 Farmall 806 - new injectors & injector pump, tires, h brakes & paint. Restored 3 years ago

Seller #3

Lot #1504

650 LP bought new in Montana, used one year then parked till 1988. Purchased from original owners in 1989 and was used on an irrigation pump from 1989 till 1998. Most of the tractor hours were running the pump, there are very few hours or wear on the transmission or drive train. Only 350 ever produced LP out of 2,561 total 650's produced. Excellent sheet metal.

Seller #9

Lot #1505

Nice restored B450 that was an original survivor not put together from a salvage yard. This tractor was built in England by IH and a few were shipped to the U.S. This was the replacement for the Super BMD. 4 cylinder indirect injection diesel 55 H.P. Locking differential and disk brakes. B450 was first built in 1958. New rubber.
